

Color Smoke Detector Hidden Camera

Add up to 3 additional cameras for 360-degree security

This covert smoke detector video camera allows for crisp color display with 600 lines of resolution at 0.5 lux and the ability to add up to 3 additional cameras within the covert smoke detector for a full 360° view.

The bracket system allows a total of 4 security cameras (one included, plus 3 additional) to be installed easily. This allows you to secretly view every recess and corner, even in low light conditions, to identify suspicious activity before it impacts your bottom line.

KEY FEATURES

- » Realistic covert smoke detector façade with working red LED
- » Included bracket system supports up to 4 cameras for a 360° view
- » Crisp 600 lines of color resolution with 0.5 lux
