

## Fingerprint Time Attendance

### Main Features

- ⇒ Unique Desktop/ Wall mount design for offices
- ⇒ New generation fully sealed, waterproof and dustproof Optical fingerprint sensor
- ⇒ Advanced Algorithm for Reliable operation
- ⇒ USB Slave, No driver needed
- ⇒ Power over either USB or DC 5V
- ⇒ Employee authentication methods: fingerprint only, ID + password, ID +fingerprint, fingerprint + password
- ⇒ Battery Backup
- ⇒ Fast fingerprint scan in less than 0.5 second
- ⇒ 6-digit work code feature to calculate different job cost
- ⇒ Support multi language

Feature	Specification
Processor	32-bit ARM MCU
Fingerprint Capacity	2000
Log Capacity	50000
Scan Area	22mm*18mm
LCD	128mm*64mm Blue LCD
Sensor	Optical Sensor
FAR	0.00001%
FRR	0.001%
Identification Mode	FP, ID+FP, ID+PW, FP+PW
Resolution	500DPI
Identification Time	<0.5 Sec
Workcode	Yes
Self-defined Status	16
Communication Interface	USB slave
Recommended no. of users	Up to 1000 Employees
Fingerprint Image Display	Yes
Operating Temperature	-10°C~40°C
Operating Voltage	DC 5V
Certificates	FCC, CE
Dimension	160(w)*130(h)*90(d)mm
