

Active System Integration

CP-VTA-T2825C

Advanced Algorithm for Reliable Operation

www.asi.ind.in

Technical Specification

Display	2.8 Inch 240*320 TFT LCD Touch Screen
Face Capacity	300 Users
Recognition rate	>=99%
Cameras	Dual Cameras
FAR	< =0.1%
Identification Mode	Face, ID+Password
Identification Time	<=1s (1:300)
Angle Range	Level : ±20°, Vertical : ±20°

Features

- Dual Cameras respectively for induction and verification
- Body Induction auto switch on face verification
- Voice and LED Prompt guarantees best user experience
- 300 Users, 200000 Records capacity
- Touch Screen for convenient and stable use
- USB & TCP/IP connectivity
- Useful web server function for convenient use and setting

Active System Integration

www.asi.ind.in

Technical Specification

Verify Distance	30-80cm
Function Key	10 User-defined
Inbuilt Webserver	Yes
Communication	TCP/IP & USB
Tamber Alarm	Yes
Time	Inbuilt Real Time Clock, (SNTP)
Scheduled Bell	5 group
Certificaions	FCC, CE
Dimension	160(w)*130(h)*90(d)mm
